(LAC 50:XXI.2705)**

The Department of Health and Hospitals, Bureau of Health Services Financing and the Office of Aging and Adult Services adopt LAC 50:XXI.2705 in the Medical Assistance Program as authorized by R.S. 36:254 and pursuant to Title XIX of the Social Security Act. This Emergency Rule is promulgated in accordance with the provisions of the Administrative Procedure Act, R.S. 49:953(B)(1) et seq., and shall be in effect for the maximum period allowed under the Act or until adoption of the final Rule, whichever occurs first.

The Department of Health and Hospitals, Bureau of Health Services Financing and the Office of Aging and Adult Services, through collaborative efforts, provide enhanced long-term services and supports to individuals with physical, mental or functional impairments through the Adult Day Health Care (ADHC) Waiver program.

The Department of Health and Hospitals, Bureau of Health Services Financing and the Office of Aging and Adult Services propose to amend the provisions governing the ADHC Waiver in order to adopt requirements which mandate that providers of personal assistant services must utilize the electronic visit verification

(EVV) system designated by the department for automated scheduling, time and attendance tracking, and billing for certain home and community-based services.

This action is being taken to promote the health and welfare of ADHC Waiver participants by assuring that they receive the services they need, and to ensure that these services are rendered in an efficient and cost-effective manner. It is estimated that implementation of this Emergency Rule will reduce expenditures in the ADHC Waiver Program by approximately \$1,048,753 for state fiscal year 2015-2016.

Effective November 1, 2015, the Department of Health and Hospitals, Bureau of Health Services Financing and the Office of Aging and Adult Services amend the provisions governing the Adult Day Health Care Waiver to establish requirements for the use of an EVV system.
